WORK EXPERIENCE

CAD/CAM Designer DIV Group

08/2015 - 08/2017

Bolts Supplier

Knin, Croatia

Achievements/Tasks

- Responsible for the design of the screw machinery parts
- Monitoring behavior of the machines with new parts
- Designing screws with special order details from customers

Hotel Work Hydro Hotel

09/2017 - 08/2019

Family owned 3-star hotel.

Lisdoonvarna, Ireland

Hotel Work (Part-Time) NeoTech

09/2019 - 12/2022

Cleaning services company

Tokyo, Japan

Software Engineer Rakuten Mobile/Rakuten Group

04/2023 - Present

B2B MNO Project

Tokyo, Japan

- Developed and implemented new front-end features using React, Redux Toolkit, and Styled Components to improve user experience and maintain consistent design patterns.
- Collaborated closely with the backend team to onboard and test APIs, ensuring seamless integration and functionality across services.
- Enhanced service levels by tracking API failure ratios, making sure the success ratio is above 99%. Identifying failure patterns, and reporting issues to the backend team for triage and resolution.
- Worked closely with the operations team to recover corrupted accounts during periods of service instability, contributing significantly to platform stabilization and customer satisfaction.
- Worked closely with QA engineers to ensure comprehensive test case coverage for the entire application, enhancing overall quality and reliability

EDUCATION

Computer Technician for Mechanical Engineering Vocational High School King Zvonimir

09/2011 - 05/2015

Knin, Croatia

Computer Science (BSc) (Distance Education) University of London

04/2020 - 04/2023

Tokyo

SKILLS

Teamwork

Positive attitude

Python (intermediate)
